# DentiMax

Cloud Imaging

With DentiMax Cloud Imaging, you can access all your digital X-rays and extra-oral images from any web-enabled device

Whether you're in or outside the office, once captured, DentiMax Cloud Imaging allows you to view, diagnose, and enhance images from any device with a web browser. With DentiMax Cloud Imaging, you'll have access to your own secure website where you can log in and view your X-rays from wherever you have an internet connection.

Access your patient's X-rays through DentiMax Cloud Imaging anywhere you have a secure internet connection, on any device!

Capture X-rays with or without the internet & images sync to the cloud viewer when internet is available

Integrates with DentiMax Practice Management to show you the X-ray thumbnails in the patient chart screen

Works with virtually any sensors, I/O cameras, carries detection devices, and more

Graduated pricing to fit your practice needs, price per location
